## ABOUT ME

Holder of a Bachelor's degree with a specialization in Information System Management, as well as a BTS SIO SLAM level, I am currently seeking a 6-month internship in the field of computer science, with a preference for **web development, back-end, embedded systems, and applications**. My skills include in-depth knowledge of languages such as **C, C++, Rust**, proficiency in **Python**, and **Bash shell**. I am also adept at quickly assimilating new programming languages, a skill I developed during my training at Ecole 42. My curiosity, love for logic, and passion for programming make me a valuable asset.
